

INTRODUCING A NEW APP

PROBLEM STATEMENT

There's been an increasing demand for street foods.

But there are challenges in discovering and accessing street food vendors.

To create a solution with a food app.

ABOUT

- ✓ Access to **diverse** street food **options**
- ✓ Assurance of **quality** and **hygienic** food
- ✓ Implementing accurate **geolocation services**
- ✓ Facilitating **smooth** order and **process**
- ✓ Continuous improvement on **user feedback**
- ✓ We aid to connect **customers** and **sellers**

CONCLUSION

We conclude that this app emphasis
on **User-Friendly** design.

THANK YOU
